State Policy
KARTING NSW CHAPLAIN**

The role of the KARTING NSW Chaplain is to offer support in the case of any incident at a race meeting resulting in injury or suffering to any participants (competitor or official) or to relatives of such.

Whilst it is not possible for the Chaplain to be at every race meeting, he will be available to all NSW Clubs (on request) should a need arise.

At all times the Chaplain will be sensitive to the religious beliefs and practices of those involved.

The Chaplain may recommend further professional help to those he is dealing with if and when he deems it appropriate. Of course, it is the decision of that person if he/she wants to proceed with such help.

When attending a race meeting the Chaplain is to inform the Chief Steward of his presence.
